Property Description

This is truly one of the most special properties on the market. Set in the verdant jungle, in the Baru area of the Central Pacific coast of Costa Rica. Boasting the most spectacular feature the tri-level waterfall and multiple swimming holes. This property embodies the vision of sophisticated Balinese design down to the smallest detail. The seller has made yearly visits to Bali to seek out authentic Balinese art and the property displays this influence in an elegant manner. The elegance is manifested in the design and furnishings of the 6 intimate bedrooms, with intricate detailing, cathedral ceilings and the use of tropical hardwoods, all of which rest along side the cascading stream that leads to 3 dynamic waterfalls. Each bedroom has its own bathroom and balcony, overlooking the cascading stream and jungle. Perfect for family and friends visiting. There is also a 7th bedroom with large bathroom and sitting area facing the tropical jungle.
