## Property Description

Tiki Villas Rainforest Lodge and Spa has been created as a labor of love by the developers who worked tirelessly to create a hotel that respected the power and beauty of the natural surroundings which define the experience in the area. Located just north of the rapidly growing eco tourism destination of Uvita, the Tiki Villas Rainforest Lodge is much more than just a successful hotel operation; it is a legacy and lifestyle opportunity unlike any other in the southern zone. Located on 13 pristine acres, the property offers spectacular views of the Pacific Ocean and lush tropical rainforest, but is also just 400 meters off the main coastal highway. In an area whose access is often defined by extensive off road driving, the majestic setting of this hotel and the accessibility make for an incredibly unique commercial opportunity. There are a total of 9 villas that have been conscientiously built to respect the natural surroundings, with each structure being designed on pilings to allow the land to continue its natural flow and feel.
