## Property Description

Located on a good low volume, no exit, public road, this piece is only 2.5 kilometers down off the main road between San Isidro and Dominical. It's a 20-minute drive to the beach and equal distance to town (San Isidro de El General). The location is the lovely and proud pueblo of La Alfombra of Tinamastes. A little over half a hectare, this lot features a large prepared building site with the most dynamic westward-facing sunset views. With its year-round supply of clean and clear, gravity-fed, mountain stream water, this location offers off-grid potential. There is a concession in place for the stream-fed water source. If you are searching for your own private tropical getaway in a safe community, this property is worthy of a viewing. It may be the one for you!
