## Property Description

Stunning 4-bedroom, 4-bath newly built home proclaims ingenious design and relaxed sophistication. Towering over a large forest and seasonal creek, the home's luxurious kitchen and play area provides breathtaking views while receiving the shade and privacy of tall trees, with surprises like a nook bar for coffee, an extended kitchen table, and a living area that reaches toward the outdoors, this house exudes the Costa Rica dream. The floor plan is designed for maximum enjoyment, with spacious warmth and large windows framing perfect angles in every room. • The primary room gives a floating-in-the-clouds feel, with a fantastic walk-in closet and a stunningly dark and artful bathroom. The guest room or office is nestled underneath, providing a charming private view and garden. A mud room serves as the ideal entrance for a sandy surfer. The outdoor shower, surfboard, beach toy storage next to your parking area, and spacious utility-laundry room make it easy to keep the main areas fresh and neat while you unpack and clean up.
