Property Description

Ahhhhh.... That is what you will say when you feel the fresh mountain air and the refreshingly mild temperature at nearly 3000 foot elevation near the village of La Trinidad between Tres Rios and Pejibaye Costa Rica. Does your dream home include living in the lush mountains of Costa Rica where the water is clean and plentiful, the air is crisp and clear, and the land is rich and ready to provide? If so, this home is for you. This simple, sturdy, bright and spacious home will provide you the perfect base to start your Costa Rican adventure. At this elevation, there is no need for air conditioning as the temperatures are always mild and pleasant. On occasion, you might even choose to fire up the wood stove to warm up the cozy home at night, but the temperatures are always pleasant which keeps the utility bills reasonable year around. The property includes half an acre of land with tropical landscaping that is perfect for gardening and orchards.
